

# Submittal Form: High Efficiency Boiler Board

Infloor's Sales & Service SW High Efficiency Boiler Board is designed for use with high efficiency condensing boilers. It includes all of the mechanical needs for most hydronic systems and can be utilized for systems with 1-7 zones. For larger systems, multiple boards can be used.

High Efficiency Boiler Board			
Part #	# Zones	Pipe Size	Pump
32207	1	3/4"	UP 15-58
32208	2	3/4"	UP 15-58
32209	3	1"	UP 15-58
32210	4	1"	UP 15-58
32211	5	1-1/4"	UP 26-99
32212	6	1-1/4"	UP 26-99
32213	7	1-1/4"	UP 26-99

Board Size: 34" x 54"

**Included:**

- System Pump
- Microbubble Air Eliminator
- Pressure Differential Bypass Valve
- Zone Control Valves
- SWC-5 Zone Controller
- (two included for 6-7 zone boards)
- 24VAC Transformer
