

# IN THE LOOP

## Day of Remembrance

Memorial Day, originally called Decoration Day, honors men and women who died while serving in the U.S. military. It originated in the years following the Civil War and became an official federal holiday in 1971. The Civil War claimed more lives than any conflict in U.S. history, requiring the establishment of the country's first national cemeteries. Every year, a national moment of remembrance takes place at 3:00 p.m. local time. We send a salute to all of those who died in honor of American freedom.

## Closed Memorial Day

We will be closed on Monday, May 30 in observance of the Memorial Day holiday. We will resume normal business hours on Tuesday, May 31.

## Customer Views

"Infloor took the time to properly engineer the solution and made my idea work. They took extra care with the design, insulation, and installation. They took the time to do it right."

-Steve from Buena Vista, CO

## The Gift of Housing in Haiti

Each year we donate a portion of our proceeds to different organizations that focus on helping people in need. One of those organizations is Food For The Poor, located in southern Florida. They are focused on providing food, housing, emergency relief, and much more to the poorest of the poor throughout 17 Latin American and Caribbean countries. "We do our best to meet the needs both physical and spiritual, as well as at the individual, family, and community level," they share.

One of their focus areas is provide safe housing. Around the world, millions live in unsafe shacks and huts. Donations go directly to building safe and secure new homes, providing cement for new home foundations, and installing windows and other furnishings that help make a house into a home.

Last year, our donation to Food For The Poor went towards building a home for

## Rep. Spotlight: Morley Associates, Inc.

We are happy to welcome Morley Associates, Inc. to the Infloor family of Manufacturer's Representatives. Morley Associates align themselves with manufacturers on the cutting edge of technology, finding solutions for today's refrigeration, energy, humidity, and indoor air quality challenges. Based in Branford, CT, they are serving customers along the east coast in Maine, New Hampshire, Vermont, Massachusetts, Rhode Island, Connecticut, New York, New Jersey, Pennsylvania, Delaware, Maryland, and Virginia.

"Infloor Heating Systems provides us with a more comprehensive offering of heating solutions," shared Chris Morley, President of Morley Associates. "Radiant heating systems are recognized as healthy, economic, and comfortable solutions to space heating opportunities. Infloor Heating Systems not only offers a complete line of

radiant products, but also provides in-house expertise on various radiant systems as well as snowmelt and solar assist systems. And as a bonus, they offer electric heating options as well," he said.

"Their in-house CAD support allows us to present a professional and complete solution to our customers," Chris continued. "They are competitively priced and innovative in design, and their attention to detail is comforting. Infloor is attentive and provides unprecedented service," he concluded.

# The Gift of Housing in Haiti Continued

the Judy Family (pictured) of Croix-Des-Bouquets, Haiti. We couldn't be happier to see the results and the smiles on their faces!

"It is important to give back and help those less fortunate have a chance to succeed in life," said Michael Willburn, President of Infloor Heating Systems. "My dad used to volunteer his time to these causes, and we are happy to continue that tradition today," he said.

Food For The Poor has maintained fundraising and administrative costs of less than 5% of its expenses. More than 95% of all donations go directly to programs that help the poor. And you can choose where your donations go, giving you the option to provide support for a specific area of need you are most passionate about, such as housing, safe drinking water, food, medical care, and more.

**Did You Know?** Haiti's national sport is soccer, and first competed in the World Cup in 1974. Haiti is the third largest country in the Caribbean, after the Dominican Republic and Cuba, which is the largest. Haiti is the most mountainous nation in the Caribbean. Haiti's highest peak is the Pic la Selle at 8,793 feet. Nearly 79% of Haiti's people live in rural areas. Experts claim that it will take decades for Haiti to recover from the January 2010 earthquake. Nearly 75% of the capital needs to be rebuilt from "below zero."

## LoopCAD 2016 is Here

LoopCAD is our premier radiant heating design program, and the 2016 updates are here, and available for download. This is a free upgrade for licensed users with an active subscription. Below is a summary of the new and enhanced features. For more on LoopCAD's features and capabilities, visit their website at [www.LoopCAD.com/Features](http://www.LoopCAD.com/Features).

### Supply/Return Distribution Piping

- Specify the Supply/Return Piping to connect each manifold to the boiler room or water supply source
- Includes options for PEX, copper or steel pipe
- Generates head loss reports and materials lists

### Automatic Check for Updates

- This feature will periodically check for program updates, and if found notify you on the Main Menu
- You choose when you want to download and install the updates

### New Main Menu Design

- The Main Menu has been redesigned with support added for new web-enabled features such as Check for Updates and Latest News

## LoopCAD® 2016

### Mirror Drawing Function

- This function allows flipping of the entire floor plan drawing along any axis

### Move Floor Plan Function

- You can now easily adjust the alignment of your drawings
